RESOLUTION ON THE FINAL REPORT ON THE SURVEY AND SETTLEMENT OPERATIONS IN THE DISTRICT OF JESSORE.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue.

DARJEELING, THE 8TH JUNE 1926.

RESOLUTION—No. 417T.R.

READ—

The Final Report on the Survey and Settlement operations in the district of Jessore.

Letter No. XXV-3-3055, dated the 14th March 1925, from the Director of Land Records, Bengal, submitting the report.

The report on the survey and settlement operations in the district of Jessore has been submitted by Khan Bahadur Abdul Momen who was

Settlement Officer during the greater part of the time they were in progress. This is the first district in the Presidency Division in which settlement operations have been completed. The operations began with the traverse survey in the year 1914-15, but were stopped in October 1915 on account of financial stringency. They were re-started in the year 1917 and completed in the year 1923-24.

2. The area of the district is 2,923 square miles, while the population according to the census of 1921 was 1,722,219 persons, or 589 to the square mile. The area found under actual cultivation was 2,204 square miles. Eleven per cent. of the culturable area was not cultivated. The Settlement Officer estimated 15 maunds per acre as the district average for the principal crop, winter rice. This is much below the provincial average as estimated by the Agriculture Department. The district is almost entirely permanently settled, the area of temporarily-settled and Government estates being only 14 square miles.

3. In chapter III of the report the Settlement Officer has given an interesting account of the material condition of the people of the district. According to the census of 1911, nearly 77 per cent. of the inhabitants of the district were dependent on agriculture, 65 per cent. being actual cultivators and their dependants. A feature of special interest is the large number of under-raiyats which exceeds the number of raiyats. They were found to enjoy practically all the privileges of raiyats, and were with very few exceptions recorded, without objection from any one, as possessing rights of occupancy.

4. The total cost of the operations amounted to Rs. 32,51,757 of which Rs. 25,40,249 has been recovered from the landlords and tenants. The original estimate was just under twenty-six lakhs, but this after the stoppage due to financial stringency in 1915 was raised to Rs. 36½ lakhs chiefly on account of the unusually large number of plots and interests. The Settlement Officer is entitled to credit for the economy which enabled him to effect a large saving on this estimate.

5. The Governor in Council desires to express his appreciation of the labours of the Survey and Settlement Officers who have carried out the operations to a successful conclusion. His Excellency's thanks are specially due to Khan Bahadur M. A. Momen who was in charge of the Settlement Department from October 1918 to January 1923 and to Lt.-Col. F. C. Hirst, I.A., the late Director of Surveys, Bengal, who conducted the traverse survey. The Settlement Officer has specially commended Khan Sahib Moazzemuddin Hossain, Babu Abani Kumar Sen and Maulvi Shamsuzzoha Ahmad. The good service rendered by these and the other officers mentioned in the report will be brought to the notice of the Appointment Department. The thanks of His Excellency are also due to Mr. F. A. Sachse, Director of Land Records, to whose guidance and supervision much of the success of the operations is to be attributed.

By order of the Governor in Council,

W. S. HOPKINS,

Secretary to the Government of Bengal.
